FREE MONEY? YES, PLEASE

BRIDGE THE GAP ON ELIGIBLE HEALTHCARE EXPENSES

Your organization sets your annual healthcare reimbursement limit and determines which expenses are eligible. Although it varies by plan design, common eligible expenses include deductibles, coinsurance and copays.

Ask your benefits team for a full list of your eligible expenses.

How it works:

01 Visit medical provider

Visit your medical provider and present your insurance ID card.

02 Provider sends claim to your health plan

Your provider will send claims to your health plan for processing. These claims are then sent to HealthEquity and appear in your account.

03 HealthEquity pays your provider

HealthEquity will automatically pay providers² for eligible medical expenses until the HRA funds are gone. If your plan covers copays or prescription costs, those expenses will be reimbursed³ to you automatically.

¹Accounts must be activated via the HealthEquity website in order to use the mobile app.

²If provider address information is not included with the integrated claim, a reimbursement check will be issued to the member; member is then responsible to pay provider.

³Reimbursements to the member by check will incur a \$2 fee. EFT reimbursements are free of charge.
